

# NIX.CZ

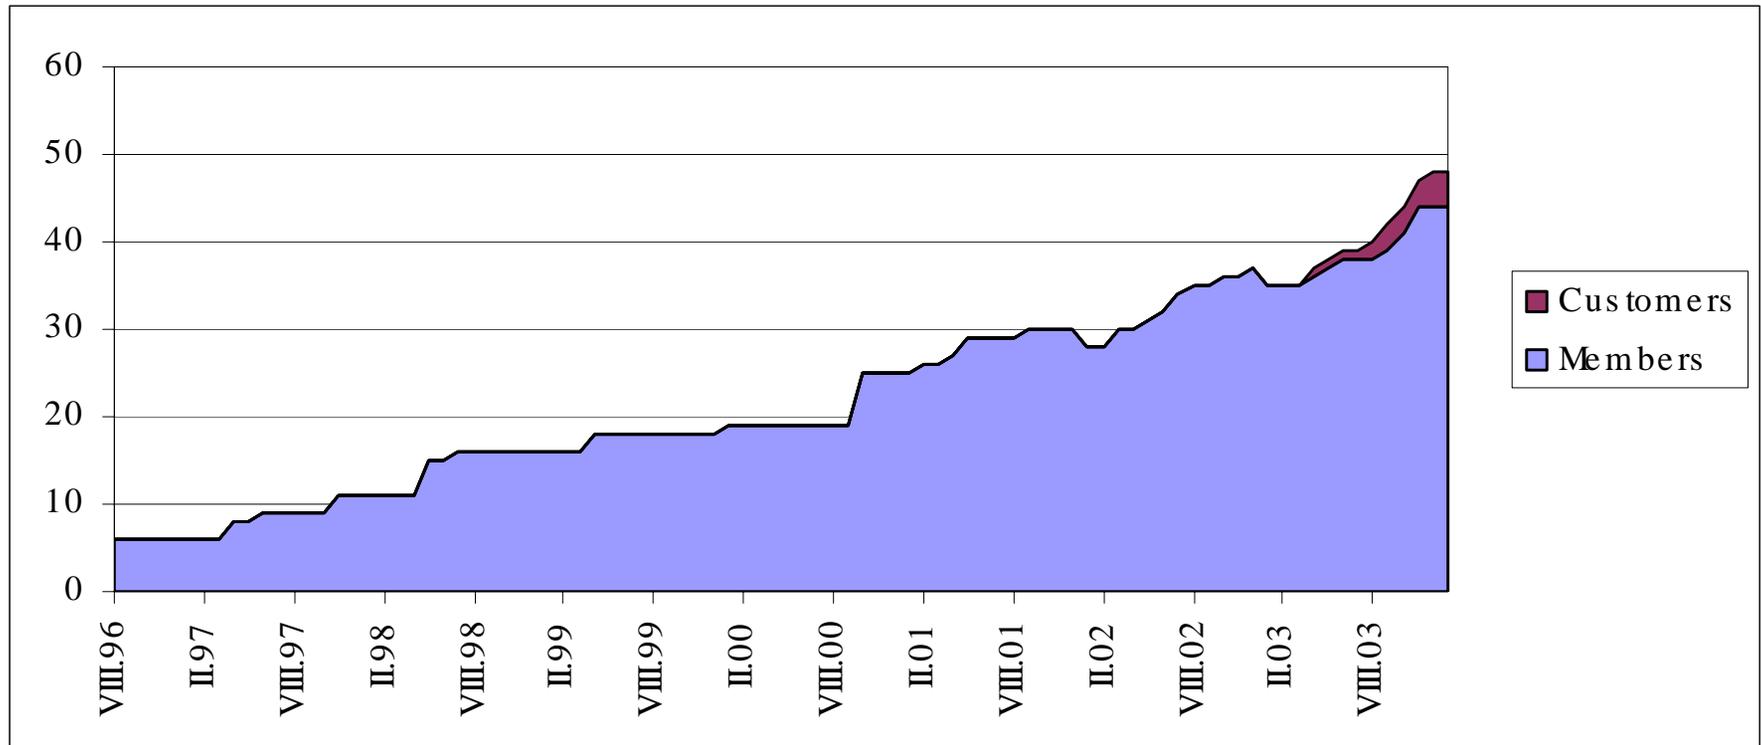

**Neutral Internet eXchange  
Prague  
Czech Republic**

January 28th, 2004 RIPE-47 Amsterdam

# Members/customers base

- Currently:
  - 44 members
  - 4 customers (2 x DE, 1 x SE, 1 x CZ)

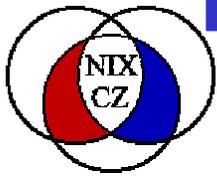

# Structured fees from Jan 2004

	<b>Setup fee</b>	<b>Setup for new port</b>	<b>Monthly</b>
<b>basic</b>	€ 1 563		€ 188
<b>per 100 port</b>		€ 63	€ 94
<b>per 1G port</b>		€ 625	€ 313

- Changed from the original flat fees (which were equal for all members, regardless of their port usage)

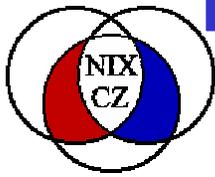

# Operation

- Last day total aggregation:

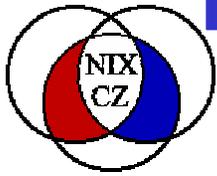

- Running 4 PoPs in Prague
- 6 members do IPv6 peering

# Traffic analyzer development

- Technically we are ready
  - Software ready
  - Powerful servers for all-time online operation installed
- Main goal:
  - To control whether the operating rules are not misused
  - For prediction, how the traffic will develop (interPoPs links planning, moving of ISPs ports among PoPs, etc...)
- Based on Euro-IX discussion we are working with lawyers to be sure the monitoring is legal
